

Advances in Industrial Biotechnology: Renewable feedstocks and synthetic pathways for production of fine chemicals

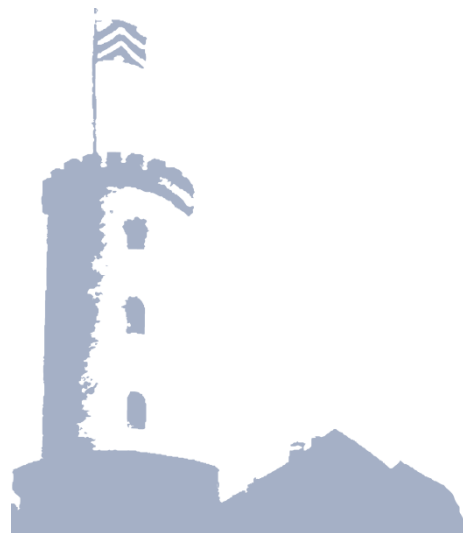

Center for Interdisciplinary Research (ZiF)
Bielefeld University
September 23rd – 25th, 2019

Chair: Volker F. Wendisch, Chair of Genetics of Prokaryotes, Faculty of Biology and Center for Biotechnology, Bielefeld University, DE

The conference highlights the impact of renewable feedstocks and synthetic pathways or production of fine chemicals.

The following sessions are planned:

- 1 – Aroma Biotechnology
- 2 – Synthetic Biotechnology
- 3 – Podium Discussion on Industrial Biotechnology
- 4 – Alternative Feedstocks
- 5 – C1 Utilization

Programme – coming up soon

Arrival

By car, you can take the A 2 Dortmund - Hanover, exit at "Bielefeld-Zentrum", follow the street signs towards the center ("Zentrum"), and from there follow the signs to "Werther". From the "Wertherstrasse", the ZiF is on the left side on the slope of the hill. The entrance is signposted.

Bielefeld can be reached from any major town by trains running on an hourly schedule (Eurocity train system: marked EC, IC, or ICE on the train schedule). From Bielefeld's main station you can either take a taxi to the ZiF (approx. EUR 10,-) or take the underground tram line 4 (destination "Universität" or "Lohmannshof"). From the tram stop "Universität" you can reach the ZiF by walking up the hill behind the main building of the university (the way is signposted).
