² Center of Biotechnology (CeBiTec), Bielefeld University, Bielefeld, Germany

(One blank line)

Authors: Arial 10 pt, centred.
The presenting author must be underlined.

The conference highlights the impact of New Technologies, Substrates and Products on industrial biotechnology. The major topics to be addressed are: (i) new technologies, (ii) terpenoids, (iii) C1 carbon sources and (iv) microbial communities

Left margin: 2.5 cm

Right margin: 2.5 cm

The 2016 International CeBiTec Research Conference “Advances in Industrial Biotechnology” focuses on “New Techniques, Substrates and Products for Bioprocesses” and will promote scientific excellence in microbial biotechnology by providing leading scientists and young researchers with a platform to present their work, to discuss current scientific understanding along with recent developments in key areas of industrial biotechnology, and to identify the priorities for further research.

The meeting will feature invited plenary lectures, poster presentations and short oral presentations.

Abstract Body:
Arial 10-11 pt. Figures and tables can be inserted. The overall size must not exceed one page

Lower margin: 2.5 cm
